### New Annual Canterbury Bells

Many years of selection has finally produced a strain of annual Canterbury Bell which will bloom in six months from seed. Plants have a growth of from 2 to 2½ feet and produces six to eight spikes of bloom.

### New Mammoth Flowering Sensation Cosmos

Trade pkt.....\$0.25 1/4 oz.....\$0.35 Oz.....\$1.00

### Marigold Tall African Double Yellow Supreme

Heralded as a companion to the popular Guinea Gold, Yellow Supreme does in many respects resemble it. Like Guinea Gold, it is very free flowering, compact and somewhat pyramidal in habit, 2 to 2½ feet tall, bearing loosely ruffled, carnation flowered blossoms. The color is a light lemon yellow, and the flowers are somewhat larger than Guinea Gold. The characteristic Marigold odor is almost entirely lacking, adding greatly to its usefulness for cutting and garden use.

Trade pkt.....\$0.25 1/4 oz.....\$0.50 Ounce.....\$1.50

### New Petunia Hybrida Flaming Velvet

A rich velvety Crimson. A most desirable and valuable variety for bedding. Was awarded gold medal in the All American Selections for 1935.

Trade pkt.....\$0.35 3/8 oz.....\$0.75

### New Miniature Petunia Rose Gem

Rose Gem is a charming addition to the new miniature group of Petunias, being the color which the public has been asking for in this miniature form. It is the rich deep rose that has made Petunia, Rose of Heaven, so popular. The plant is neat and compact, 5 to 6 inches high and smothered with rich rose colored blooms about 2 inches in diameter.

Trade pkt.....\$0.50 1/8 oz.....\$3.50

### New Phlox Drummondi Gigantea Art Shades

A new strain of Phlox Drummondi with flowers an inch and a quarter to an inch and a half in diameter. In addition to its enormous flowers (which in itself would be enough to justify it as a novelty) it has a most wonderful range of color in soft Art Shades, including Salmon with white eye, Appleblossom, Light Blue with white eye, Rose with white eye and many other pleasing Art Shades. The soft colors blended together make a most beautiful mixture and a color combination never before seen in annual Phlox.

# GLADIOLUS

## For Greenhouse and Outdoor Planting

Fine, well cured and graded bulbs. Strictly up to size and true to name. While weather was more favorable this year than last, early frosts in many sections cut down the quantity of first size bulbs and supply is therefore not over plentiful. As a result the supply is being rapidly cleaned up and prices quoted are subject to change.

### Picardy

Probably the best Gladiolus of recent introduction. Color is a delicate apricot pink, the individual flowers are extremely large, slightly ruffled, and well arranged spike. Well grown spikes of this variety brought a premium on all cut flower markets the past season.
